**Calendar Options for Families:** The Lincoln Public Schools District understands and appreciates that our community has a wide variety of rich and varied religious celebrations and observances. In the event families recognize these holidays, parents should notify schools. Students will be given excused absences and allowed reasonable opportunities to make up any schoolwork missed.

**Note:** Changes to the calendar may occur as a result of inclement weather or other circumstances. If sufficient school time is lost as a result of calendar changes, and it brings the total number of school hours for the year below the state minimum requirements, the Superintendent will implement a plan for making up this time, which may require additional minutes added to the day, additional days added to the calendar, days previously identified as non-student days re-scheduled as student day, or other appropriate calendar or schedule measures.

## INTENT OF FAMILY HANDBOOK

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Lincoln Public Schools. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

## Welcome to Cavett!

Welcome to the Cavett Elementary School website. It is a great honor and privilege for me to join the Cavett community this year and I look forward to working alongside the wonderful Cavett staff, students, and families!

Cavett Elementary School serves approximately 600 children in our Preschool through Fifth grade program. Our staff works closely in collaborative teams as well as with the administrative team to provide a focused program of instruction. Cavett staff work diligently to provide instruction for students at their success level, differentiating instruction so that all students are challenged and feel success. At Cavett Elementary School, we provide a safe, orderly and respectful environment that promotes high levels of student engagement and performance. We honor the unique strengths, talents, and diversity of each of our students and dedicate our efforts to help them experience individual success.

We value the partnership with our parents and our community. Parents know their children best and our partnership is valuable in helping us to support the unique needs of students. We are fortunate to have an active and supportive PTO. The PTO offers many educational enrichment supports that provide opportunities and experiences for students that otherwise would not exist. The PTO allows parents multiple opportunities to become involved in different activities that support our students and school.

In August, 1995, Cavett opened its doors with the motto “Cavett Cares!” This motto has carried through the years and is the foundation of our learning community. Our mission statement is, Teaching, learning and caring to develop productive, responsible citizens. One of our goals is to provide a safe learning environment for ALL students. In order to provide a safe learning environment that promotes student engagement, students learn and understand the expectations that it is Never OK to be hurtful, and Never OK to be disruptive. Cavett will continue to have and implement common expectations for ALL students throughout the learning environment.

Thank you for your interest and for visiting the online home of the Cavett Cardinals! Please be sure to check out the website of our Amazing Cavett Parent Teacher Organization ~ the link is located on the top of this home page under the heading LPS Parent Center. We invite you to become an active, positive and collaborative partner at Cavett!

Strong partnerships are the key to every success. The work we do together is important and essential to our students, families and learning community. With your support for Cavett, our goals are much more attainable. Please do not hesitate to call, email or even stop into the office if you have any questions or concerns.

Warmest regards,  
Mrs. Kathleen Dering, Principal

# School Organization

Cavett Elementary is a Pre-K through 5th grade school. Staff are organized in grade level professional learning community Data Teams. Each grade level Data Team works collaboratively to plan instruction and identify best practices to meet student learning needs. Teachers work together to plan instruction, develop assessments of student performance, and to support any students who are experiencing difficulty with mastering grade level objectives. Students in intermediate grades may move between several classrooms for instruction throughout the day based on decisions of the teaching team at each grade level.

Cavett's Preschool program is located in our Kindergarten wing and houses 15-20 students in both our AM and PM program. Each section is staffed by an early childhood teacher and a special education teacher. Two part time paraeducators serve each classroom also. To apply for enrollment information for preschool call (402) 436-1995.

K-5th grade classes offer differentiated education experiences for students. Reading and math support staff as well as Special Education Resource teachers help meet varying learning needs of children who experience need for additional instruction through both inclusion and pull out service models. Each grade level also offers programming in English Language Arts and in math for students who are working significantly above grade level peers and have been identified as students who are gifted. All Cavett students have opportunities to interact with specialists in the areas of physical education, vocal music, computer, media center, and art each week. This schoolwide organization provides each student a comprehensive educational experience.

Lunches may be purchased at school or your student may bring a cold lunch from home. To promote healthy habits and follow federal guidelines, we do not share food with others in our cafeteria. If you are visiting for lunch, please remember to only bring food for your student. Sharing food with others is in violation of the Federal Lunch Program guidelines.

My School Bucks is the name of our online meal payment system. Money in a student's account can be transferred from one school to another if a student changes schools within Lincoln Public Schools. Students who do not have sufficient funds to pay for breakfast/lunch will bring home a note to remind parents of the need to make a deposit. Families can also sign up for email alerts through My School Bucks to be notified of low balances.

A school lunch menu will be sent home monthly in Friday folders or is available on our school website.

## Homework and Absences

Homework may be requested if an absence will be longer than 2 days. Please give your child's teacher at least one day's notice to prepare the homework. If you are going to be gone on a prearranged trip, please notify your child's teacher in advance so that work can be sent home prior to student's departure. Families should expect that some work will also need to be made up upon return.

## Students Leaving Early

Parents or guardians are required to sign their child(ren) out of school if they are leaving prior to the afternoon dismissal bell. The parent or guardian must report to the SEM desk at Door #1 for this purpose. If a child is being signed out, the school secretary will call the appropriate classroom and indicate to the teacher that the child is leaving. Parents are not to go directly to the classrooms. Students will be called to the SEM desk when the parent arrives at school.

## Parental Involvement

Parents are encouraged to be actively involved in their child's education. Opportunities are provided for parents to volunteer for a variety of activities throughout the year. If you would like to volunteer, please complete the LPS Volunteer Application found on the LPS homepage at [www.lps.org](http://www.lps.org).

Parents are also invited to visit school. All visitors must sign in at the school security desk at the main entrance. This helps us get to know you and helps ensure the safety of our children.

If you are planning on visiting your child's classroom, we would encourage you to check with your child's teacher before visiting to schedule a time that is conducive to you and the classroom. We also ask that classroom visits last between 20-30 minutes to prevent disruption in the instructional program.

If you wish to visit with a teacher, make an appointment to do so. Dropping in, with even a short question, takes the teacher away from their work of instruction and is distracting to students, as well.

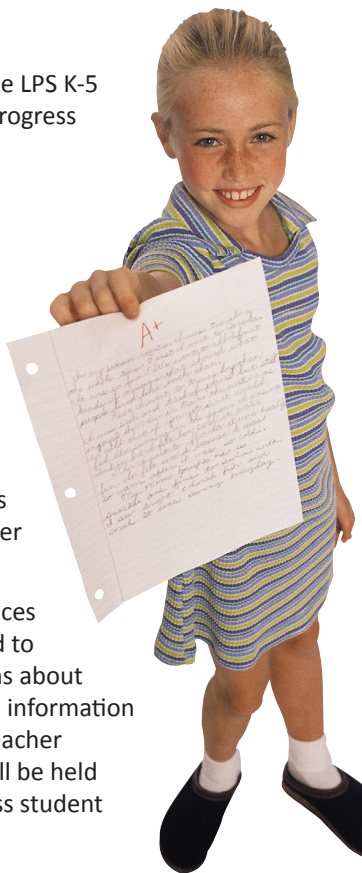

# Reporting Student Progress

Student progress is reported on a quarterly basis. The LPS K-5 progress report that will convey individual student progress with the following marks:

- 4** = Exceeds district standards
- 3** = Meets district standards
- 2** = Approaches but does not meet district standards
- 1** = Does not meet district standards

These marks are aligned with state and national reporting scores. The progress report is designed to give parents information about a student's academic achievement, character development and work/study habits. These grades describe a student's performance on objectives taught during each quarter of the year.

Conferences are held twice a year. The Fall conferences will be held on **October 4th and 6th** and are designed to have teachers and parents discuss initial observations about students. This is an opportunity for parents to share information with the teacher about issues that would help the teacher understand their child better. Spring conferences will be held on **March 7th and 9th**. These conferences will discuss student progress and make plans for success.

## Principles that Guide Work with Students

- We believe that students should be responsible for solving problems with adult guidance.
- We believe that students should face natural and logical consequences as opposed to punishment whenever possible.
- We believe that preserving a student's self-respect and dignity is crucial in any disciplinary action.
- We believe that discipline should be considered an opportunity for personal growth and learning.

## Behavioral Expectations

In order to maintain a positive learning environment for all students, clear expectations for appropriate behavior are provided.

Our goal is to reinforce appropriate behaviors and help students problem solve when the choices they make are not appropriate for school. Students receive Cardinal Cards for exhibiting safe, respectful and responsible behavior.

Cavett uses multi-tiered systems of support for behavior which includes proactive strategies, for defining, teaching, and supporting appropriate student behaviors to create a positive school environment.

We know that students will make mistakes during this developmental time in their lives. Cavett staff helps students learn how to problem solve and plan actions reflecting good choices to prevent errors of greater consequence later on in life.

Cavett staff also follow the due process procedures of the Lincoln Public Schools, which can be found in the LPS IMPORTANT INFORMATION HANDBOOK. Copies of the LPS Rights and Responsibilities are available in the school office.

There will be no tolerance for bullying, fighting/violence, intimidation, profane language and/or bigotry. Consequences for these behaviors will be significant and will involve both school administrators and parents. The possession and/or use of alcohol, drugs, tobacco and items which are weapons will call for immediate suspension.

## Bullying

If you feel that your child is being bullied by peers, please contact your child's teacher or the building principal, Jeff Vercellino. All reported incidences of bullying/unsafe behavior will follow the protocol outlined in Lincoln Public Schools Board Policy 5482: Anti-Bullying Policy.

Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time.

In order to be considered bullying, the behavior must include:

- **Imbalance of Power:** Kids who bully use their power—such as physical strength, access to embarrassing information, or popularity—to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.
- **Repetition:** Bullying behaviors happen more than once or have the potential to happen more than once.
- **Hurtful aggressive physical and/or verbal behavior.**

Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose.

As an added prevention piece, please discuss with your child adults in the building who they can talk to if they feel that they are being bullied or are in an unsafe situation. These people may include, but are not limited to, their teacher, the administrator, school counselor, school psychologist, school social worker or any other adult in the building that they have built a positive relationship with.

Students are taught about what bullying looks like and sounds like, along with how to advocate for themselves through the District's Second Step program.

## School Safety

We continuously work at making Cavett a safe and positive learning environment. There are several procedures that are in place to ensure the safety of students and staff.

Entrance to the building for Family Service daycare students can be gained from the parking lot door (#6) at 7:00 a.m. At 8:08 a.m. student entrances to the building will be open. Students should typically enter through their designated doors, (detailed earlier in the handbook). After 8:15 a.m. entrance to the building can only be gained from the main entrance (door #1). All other doors will be locked and will remain locked for the entire day. The Family Service Door #6 will be locked at all times. Parents coming to pick up their child should ring the doorbell and a Family Service staff member will let you in.

Throughout the year, students will be involved in five different types of safety preparedness drills. We will have 10 fire drills that are conducted throughout the school year. In addition to our fire drills, we will have multiple tornado, secure, lockdown and hold drills. A Secure or Lockdown is declared when an unsafe situation occurs. The building is locked down and specific procedures are enacted to ensure student safety and resolution of the problem. During a Lockout a Safety Response Team assists the office to sweep the building, and resolve any problems. We make sure that all students and staff are accounted for at this time.

During these drills, the school will be locked and parents can not pick up students without checking them out through the office.

All LPS staff wear photo name tags so that students and parents may identify staff members. Students are encouraged to go to any member of the staff if there is a problem. We also encourage students to tell a staff member or parent if they hear or see anything that would cause them to be concerned for their safety or the safety of others.

We have a Cavett Security Monitor on duty at the front entrance to the building. Mrs. Judit Guderjan will serve as Cavett's Security Monitor for this school year. **ALL visitors to the building must enter through the main door.**

Anyone wishing to visit the office, cafeteria, classrooms, etc., must sign in and out at the security desk, wear their identification tag and return their name tag upon checking out. This is a required procedure for all visitors. These measures help Cavett continue to be a safe learning environment for all.

# Student Use of Telephone

If a child is requested to stay after school by a teacher, the student will call home to inform parents. Only necessary telephone calls are allowed during or after school. Arrangements to visit friends should be made at home. During the day, office staff will be glad to take a message for a child or a teacher. **Telephone calls interrupt instruction and will not be transferred to the classroom while instruction is taking place.**

All phone messages for students will be delivered at the end of the day.

# Cell Phone and Electronic Devices

District policy on cell phones and electronic devices can be found in the Lincoln Public Schools Important Information Booklet and can be accessed online at [lps.org](https://lps.org).

# Cavett P.T.O.

The Cavett P.T.O. has two objectives:

- a. To promote a cooperative relationship between the home and the school that will benefit the education of all Cavett students.
- b. To enable parents and teachers to work together to provide opportunities for all students to reach their fullest potential in physical, cognitive, social and personal development.

All parents and teachers at Cavett are considered members of the PTO and are encouraged to participate in committees, projects, and programs of the organization. The PTO website is <https://cavettpto.ptboard.com/home>. On the website you can sign up for the PTO newsletter, read about the committees, check the calendar of events, and read about upcoming events. Come to a meeting to learn more about the PTO and get involved. Meeting dates will be announced at the beginning of the year.

# 2022-2023 Voluntary Supply List

Traditionally, one of the rituals families participate in as they prepare for the new school year is to purchase school supplies. In accordance with the Nebraska Constitution and state and federal law, Lincoln Public Schools provides a free, public education to all students. This generally means the district provides the supplies needed for instruction at no cost to students. This includes textbooks, pencils, erasers, crayons, glue, scissors, paper, notebooks, tissues, etc. For this reason, please do not send school supplies for your child's individual use at school.

You are NOT required to purchase any of these items, but you may wish to purchase and donate some items to your child's classroom. We ask that you do not put your child's name on any items. All items purchased will be graciously accepted as a donation to the school and will be shared by all students within the classroom.
