Mission and Goals

- **LINCOLN PUBLIC SCHOOLS MISSION**

The Lincoln Board of Education has defined the mission of the schools to be the development of responsible adults who are productive citizens of a pluralistic community, nation, and world; who are prepared to learn throughout their lives; and who are appreciative of the arts, history, and culture.

It is the intention of the Lincoln Public Schools that all students will achieve the following:

1. Demonstrate competency and fluency in the essential skills of reading, writing, speaking, listening, and mathematics.
2. Think critically and creatively, using higher order thinking skills to make decisions, solve problems, and create new perspectives and possibilities.
3. Understand the important ideas from the arts, humanities, sciences, and mathematics, and understand the relationship among them.
4. Demonstrate the knowledge, skills, and attitude essential for living in a democracy and becoming a contributing member of society.
5. Understand and celebrate the diversity and interdependence of our pluralistic, multicultural community, nation, and world.
6. Respect and care for themselves and others.
7. Respect and care for the natural environment.
8. Work with others productively and cooperatively.
9. Become a lifelong learner.
10. Develop skills to enter the work force.

- **HARTLEY ELEMENTARY SCHOOL MISSION STATEMENT**

The heart of Hartley: Safe, caring, and respectful learning community.

Hartley Elementary staff has created a School Improvement Plan that focuses resources on two areas:

- 1) ALL students will improve their reading fluency and comprehension.
- 2) ALL students will improve math number sense.

Calendar Options for Families: The Lincoln Public Schools District understands and appreciates that our community has a wide variety of rich and varied religious celebrations and observances. In the event families recognize these holidays, parents should notify schools. Students will be given excused absences and allowed reasonable opportunities to make up any schoolwork missed.

Note: Changes to the calendar may occur as a result of inclement weather or other circumstances. If sufficient school time is lost as a result of calendar changes, and it brings the total number of school hours for the year below the state minimum requirements, the Superintendent will implement a plan for making up this time, which may require additional minutes added to the day, additional days added to the calendar, days previously identified as non-student days re-scheduled as student day, or other appropriate calendar or schedule measures.

Dear Student and Families,

Welcome to Hartley Elementary School! This handbook has been prepared for all students and parents/guardians as a helpful way of answering questions you might have about the policies and practices of our school. Please carefully review the contents of the handbook with your child. Please use this as a reference throughout the school year. We are pleased to welcome you and your family to Hartley Elementary. The Hartley Staff has long been committed to meeting the needs of your child in any way that they can. Our goal is to prepare each child for graduation from high school and beyond and we cannot do this without a partnership with you. At Hartley, we invite parents and families to become involved at school in learning activities of your children. Parents are always welcome to visit school and are welcome and encouraged to volunteer in classrooms, the media center, and at special events. On behalf of the entire staff, we look forward to working together with you to make this a productive and successful year of learning and growing. Let us work together to make the learning experience for your child the best it can be.

Sincerely,

Rob Rickert, Principal

Intent of Student Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, regulations, and general information about Hartley Elementary School. Each student is responsible for becoming familiar with the handbook and knowing the information contained within it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although information found in this handbook contains detailed and specific information on a variety of topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a "contract." The administration reserves the right to make decisions and rule revisions at any time to implement the educational program and to assure the well being of all students. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

ARRIVAL AND DISMISSAL EXPECTATIONS

Our arrival and dismissal routines help to start and end our school days in a safe and positive way.

Arrival

Each morning, at 8:40 am, school staff will direct arriving students to the gated entrance on the East side of the building that leads to the playground off 34th street. Students will line up in grade-level lines to enter the building for cafeteria breakfast service at 8:45.

The school day begins promptly at 9:00 am. Any student arriving after the 9:00am bell, must use the main entrance marked as Door #1. They will receive a tardy slip from the office before going to their classrooms. Once the school day begins, students and visitors will only be permitted to enter from the front entrance. All other doors will be locked.

Student safety is Hartley's top priority. Students are at significant risk while unsupervised near busy streets and within large student gatherings. Students must arrive at Hartley no earlier than 8:40 when staff supervision is available. If arriving too early by car or foot, parents will be contacted and asked to pick up and return students at 8:40 am. Students living nearby may be asked to walk back home and return at the appropriate time.

Dismissal

The dismissal bell rings at 3:38 pm. At the end of the school day, ALL students will be directed to specific locations according to their dismissal plan. Students walking home will dismiss from the front entrance exiting from Door #1. All students must have a dismissal plan on file with the school. You will receive this form in the first week of school. Parents and caregivers walking to pick up their children should wait outside the gates on 34th street for their student(s) to exit. Parents and caregivers driving to pick a student up must follow Hartley's Drop-off and Pick up protocols listed on the next page.

We ask parents and guardians who pick up their children after school to arrive on time. Children not picked up by 3:45 will not be allowed to wait outside and will be escorted by a staff member to the office. Adults arriving after 3:50 should report to the office to pick up their children. The police department may be called when children are not picked up by 4:00 pm.

• DROPPING OFF AND PICKING UP YOUR CHILD(REN)

The staff parking lot and the alley south of the school building are designated for daycare vans and Lincoln Public Schools buses. For the safety of all students please **DO NOT** use the staff parking lot or alley as a drop off or pick up location.

For parents and guardians using vehicles to drop off or pick up children before and after school please use 34th street.

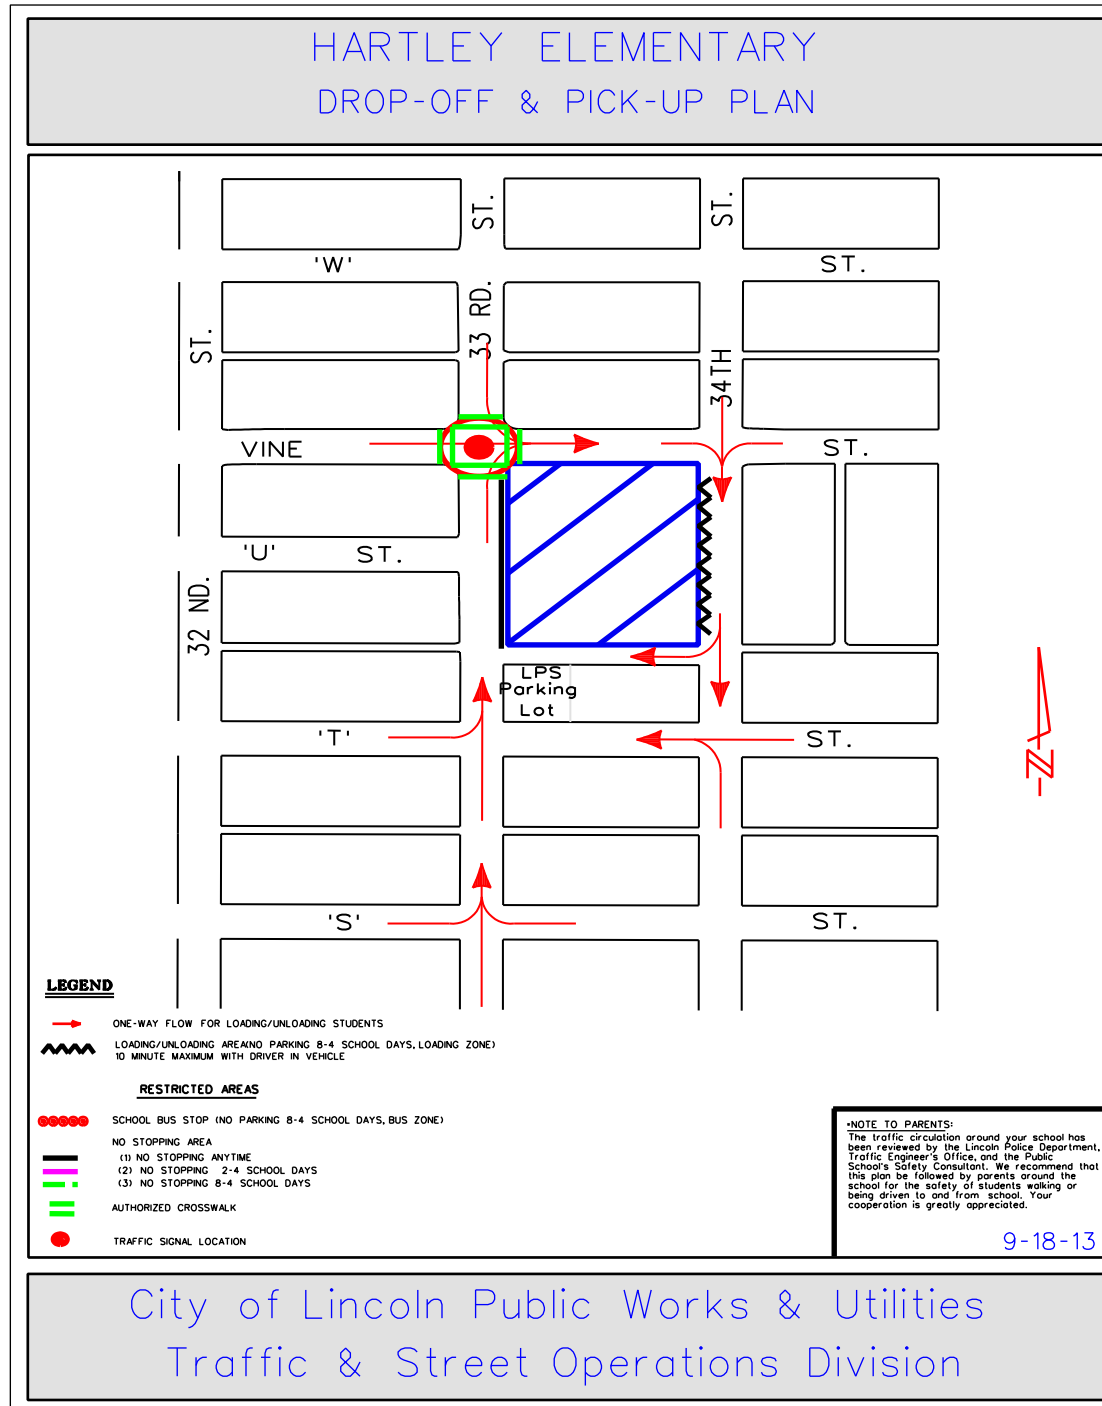

School staff will be on 34th street assisting and supervising to ensure students are safely getting to and from their rides.

During drop-off, please remain in your automobile and pull completely over to the side of the street before allowing students to exit the vehicle.

During pick-up, please exit and escort children back to your vehicle.

We are very grateful for all of your patience and caution during this hectic time.

DO NOT encourage children to enter or exit vehicles in the middle of the street.

USE OF SCHOOL BUILDING AND GROUNDS

• VISITING SCHOOL

We are pleased to have you visit school and we welcome you to Hartley. We are proud of what teachers and children are doing and glad to have you observe. Research supports that parental interest has a positive correlation with student achievement. The principal is authorized to grant pre-arranged permission for parents/guardians to make short-term visits only when in his/her judgment, the learning environment previously established in the classroom will be maintained.

Quality instruction and learning are the desired outcomes of the following guidelines:

- Visits of 20-30 minutes are best for you to get an overview of the class without interrupting the flow of your child's work. **Visits longer than this can distract from the instructional program.**
- If you are interested in observing a certain area of the curriculum, it is best to call the teacher before the visit to find out what time that subject is normally taught.
- Administration will likely attend the visit with you.
- Teacher responsibility to students will not allow for individual conferences during classroom visits. You are welcome to set an appointment with the teacher.

To ensure the safety of your child from stranger danger, we ask that visitors check in at the Main Office to receive a visitors name tag. It's Lincoln Public Schools policy for all staff members, visitors, and volunteers to wear a visible name badge. Even regular volunteers are asked to sign in, as everyone who is expected to help monitor the building may not recognize them.

Students not enrolled at Hartley are not allowed on school grounds during school hours in order to ensure a safe and orderly environment.

• SALES AT SCHOOL

Quite a few of our students are members of teams and clubs outside of school. Fundraising is often a responsibility that goes along with being on a team or in a club. It is impossible for staff members to buy from all of our students, as a result students have hurt feelings when staff members turn them down. Please be respectful of our staff members by not putting them in the uncomfortable situation of being asked to purchase items (i.e. Girl Scouts cookies, candy etc.). Your cooperation is appreciated in keeping non-school related sales out of the building.

• STUDENT USE OF TELEPHONE

Students will be permitted to call home regarding school matters upon obtaining permission from the classroom teacher. Calls by students must be kept to a minimum, as there are a very limited number of phone lines in and out of school. Students are asked to make arrangements for participating in after-school activities or going home with a friend before leaving home in the morning. Students will not be allowed to use school phones to conduct non school related business (i.e. seeking permission to go to a friends house after school.)

• BICYCLES, SKATEBOARDS, ROLLER BLADES, AND SCOOTERS

Students are expected to follow correct safety practices and are asked to walk their bicycles on school grounds. Racks are provided on the west side of the school. Bicycle locks are highly encouraged. **Skateboards, rollerblades, shoe skates, and scooters are not allowed.** We have found that they present safety issues for students. Students that wear shoe skates should remove their wheels prior to entering the building.

SCHOLASTIC ACHIEVEMENT

• COMMUNICATING STUDENT PROGRESS: REPORT CARDS & PARENT-TEACHER CONFERENCES

Lincoln Board of Education states (Policy 6570) that "student progress will be reported formally to parents/guardians at least four times each year." Your child will receive a report card at the end of each quarter. Information about elementary student progress is reported in four areas: 1) Progress through district curriculum objectives 2) Performance in assigned curriculum level 3) Effort 4) Use of effective learning or study skills. Parents with immediate questions about their child's academic progress are encouraged to contact the teacher. Our office staff will be happy to let you know of our teachers' planning periods and will forward calls and messages between 8:15-8:55 a.m. as well as after school. Emailing your students teacher is also a great way to communicate with teachers regarding your student, the Main Office would be glad to help you if you need a teachers email address.

Parent Teacher Conferences are scheduled twice a year. First semester conferences have been scheduled for Tuesday, October 25, 2022 and Thursday, October 27, 2022 from 4:00-7:00 p.m. Second semester conferences have been scheduled for Tuesday, February 21, 2023 and Thursday, February 23, 2023, from 4:00-7:00 p.m. at Hartley Elementary School.

• CONTACTING YOUR CHILD'S TEACHER

Parents/Guardians are encouraged to call their child's classroom teacher to arrange for conferences or when questions arise that can be handled with a brief discussion. The best time to reach a teacher by phone is before the student day begins or after school. During instructional time, phone messages will be taken for teachers. Emailing your students teacher is also a very effective method of communication. For more involved issues such as student evaluation, curriculum concerns, and school policy, a parent-teacher conference rather than a conversation by telephone is encouraged.

Notes: _____

In case of emergency, can we reach you by telephone? Please be sure the school has your phone number.

• STUDENT SERVICES: GIFTED & SPECIAL EDUCATION

The Lincoln Board of Education and Hartley Elementary recognizes that the student population includes students with exceptional academic abilities. These students shall be provided appropriately challenging curricula and instruction which is congruent with their learning abilities and styles and which shall be provided in classes composed of these students, taught by teachers trained to recognize and meet the needs of these students. Efforts to refer and identify students for the gifted program will be made at each grade level. Multiple criteria shall be used for identification purposes and identification efforts shall be inclusionary. Teachers, parents or students can refer students for possible inclusion in the gifted program. These referrals are based on evidence of high academic achievement or outstanding educational performance. The Hartley Gifted Data Gathering Team will make the final decision about placement into the gifted program. Services are delivered by classroom teachers and by an itinerant gifted teacher.

Michelle Sievers, Gifted Itinerant Resource Teacher (msievers@lps.org), may be contacted for information about programming for gifted students.

Special education means educational experiences, curriculum and services, through the use of special facilities, equipment, and/or classrooms that have been adapted to provide special programming for students with disabilities. In addition, special education provides support services necessary for evaluation, placement and instruction for students with disabilities.

Please contact Angie Ertz, Special Education Coordinator (aertz@lps.org), for information about Hartley's programs for children with special needs.

BULLYING

If you feel that your child is being bullied by peers, please contact your child's teacher or the building principal, Jeff Rust. All reported incidences of bullying/unsafe behavior will follow the protocol outlined in Lincoln Public Schools Board Policy 5482: Anti-Bullying Policy.

Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time.

In order to be considered bullying, the behavior must include:

- Imbalance of Power: Kids who bully use their power—such as physical strength, access to embarrassing information, or popularity—to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.
- Repetition: Bullying behaviors happen more than once or have the potential to happen more than once.
- Hurtful aggressive physical and/or verbal behavior.

Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose.

As an added prevention piece, please discuss with your child adults in the building who they can talk to if they feel that they are being bullied or are in an unsafe situation. These people may include, but are not limited to, their teacher, the administrator, school counselor, school psychologist, school social worker or any other adult in the building that they have built a positive relationship with.

Students are taught about what bullying looks like and sounds like, along with how to advocate for themselves through the District's Second Step program.

FEDERAL PROGRAMS

- **SCHOOL-WIDE TITLE I PROGRAM**

Hartley Elementary utilizes federal funding to supplement the educational programming provided by the Lincoln Public Schools. The School Improvement Plan describes the manner in which these funds are utilized to implement Hartley's goals. We would like to encourage the involvement of parents/guardians in the formulation and implementation of this plan.

- **FREE/REDUCED LUNCH PROGRAM**

Eligibility for the free/reduced lunch program is determined by federal guidelines.

GENERAL INFORMATION

- **IMPORTANT INFORMATION NEEDED**

Enrollment information will be filled out by the parent/guardian at open house. **For the safety of your child**, it is a necessary responsibility to give the school the name of a person to contact in case you cannot be reached. **Please also take the time to fill out the (Before and After School Plan) and return it to your child's teacher. This plan will clearly communicate to us how your child(ren) will safely make it to and from school.**

It is very important that parents/guardians notify the school of any change in address and/or telephone number. **The office must have a current telephone number on file in case we must contact you in the event of an emergency.**

When a child moves from one school to another, either in the city or outside the city, **advance notice** is needed so the school can prepare the transfer or withdrawal forms.

- **SAFETY, FIRE AND TORNADO DRILLS**

All schools have safety plans and periodic drills so students know what to do in case of emergency, fire, or tornado in order to be safe. The safety of students is a top priority. All schools cooperate with the fire department to make sure the most effective safety procedures are followed.

- **LOST AND FOUND**

Lost articles are turned in to the office and placed in the Lost and Found area in the northeast first floor hallway. Whenever possible, label your child's articles. Encourage your child to check periodically for lost articles. Articles not claimed by semester break and at the end of the school year are donated to a local charity.

• PETS AT SCHOOL

Pets are an important part of many students' lives and can provide many good learning experiences. The school principal must approve a visit by a pet in advance. Pets should be brought for a school visit by a parent or guardian and in suitable carriers. Verification that the pet is up to date on vaccinations must be presented. Please refrain from bringing your pets onto school grounds before and after school. If you are walking a pet to school we ask that you remain off of school grounds and notify your child of the location they should meet you at. Even the best behaved animal can become startled when surrounded by children and lots of action. This could result in a child being injured. **For the safety of all children we ask that pets not be brought on school grounds.**

• FIVE WAYS TO GET YOUR CHILD OFF TO A GOOD START

You can help your child get off to a good start this school year. Here are some ideas to get you started.

1. Get to know your child's teacher. As a parent you know your child best. Share what you know with the teacher. Does your child have a special interest? A favorite book? Are there subjects in which your child needs special help? You don't have to wait until parent teacher conferences-give us a call or write a note!
2. Talk to your child's teacher about issues that might affect your child. What goes on at home affects how a child does in school. Separation, family illness, a new baby, or even a move can all affect a child's schoolwork. You don't have to tell the teacher your personal business, but make sure your child's teacher knows important facts that will help them serve your child better. Remember that reaching your child's teacher is most practical before school (8:15-8:55) and during their plan times (varies by grade level). If it isn't possible to reach him or her, leave a number where you can be reached.
3. Make sure your child gets enough sleep. Tired children can't do their best work. Set a bedtime and stick to it.
4. Learn what is expected of your child. Will there be homework? How much? How can I help?
5. Limit TV and video games. Studies show that children who do best in school watch the least amount of television. But remember, when you first turn off the TV set, you'll have to help your child find other things to do. Read a book or magazine. Take a walk. Visit the library or try playing a game.

Positive Behavior Intervention Supports (P.B.i.S.) is a system of school wide, classroom management and individual supports that provide simple but effective strategies to improve behavioral outcomes. This approach offers supports for all students in the school, some students that have additional behavioral needs, and few students who need the most intensive supports. The P.B.i.S framework provides intervention strategies based on over 30 years of research in school discipline from the education, public health, and psychology fields. The research supports a variety of components within the PBiS framework.

- Consistent and well defined expectations
- School-Wide positive reinforcement plan
- Continuum of consequences
- Family Involvement
- Systematic approach to teaching expectations
- Efficient data collection process

HARTLEY TITLE I PARENT INVOLVEMENT POLICY

Hartley Elementary recognizes the importance of parent involvement in student success. Collaboration between parents, school personnel and the community is essential to accomplish this goal. To provide opportunities for this collaboration, Saratoga Elementary will do the following:

1. Parents will be represented on the School Improvement Team and will provide feedback and suggestions for the Parent Involvement Policy.
2. The School Improvement Plan/Title I Plan will be shared at a parent meeting. Parents are encouraged to make suggestions for changes. The School Improvement Team will review the suggestions and respond if needed.
3. The Parent Involvement Policy will be included in the Parent/Student Handbook given to each family at the beginning of school.
4. A Title I annual parent meeting will be held at the beginning of the school year. During this meeting, information about Title I will be explained.
5. Parents are involved in the planning, review and improvement of the Parent Involvement Policy and the Parent/Student/School Compact at our Annual Parent Meeting where they will be informed of the Building's Title I participation.
6. An end of the year survey will be sent to parents. The survey will provide the parents an opportunity to evaluate the Title I program and make suggestions related to improvements. The data will be used to make improvements at Hartley Elementary for the next school year.
7. Parents will be informed about the Title I Program, school events and the curriculum through monthly newsletters, Friday Folders and the School Messenger phone system.
8. Monthly opportunities for parents to participate in with their families may include:
 - Preschool Family Activity Nights
 - Preschool home visits
 - Attending student meetings such as Special Education Meetings
 - Attending Community Advisory Meetings
 - Monthly Family Engagement Activities
9. Information regarding after school clubs for students will be communicated through forms sent home in the Friday Folders or in monthly newsletters.
10. Information about curriculum and assessments will be provided in a language and format the parents can understand. An interpreter will be called as needed for parent conferences and meetings.
11. Teachers will promote the volunteer program by asking parents to come into the classroom to participate in small groups and/or help students one on one. They will also be asked to volunteer at school events throughout the year.
13. Parents will be asked to review the Homework Policy, which is located in the Parent/Student Handbook. Parents will also be asked to provide a quiet space for their child to complete their homework and help them if necessary.
12. Parents will be asked to attend at least two conferences with their child's teacher each school year.

Parental Involvement in Title I Programs

6443.1

The policies set forth in this regulation apply to parents of students in Title I programs and have been established in order to implement programs, activities and procedures for the involvement of parents in Title I programs consistent with the Title I laws, as amended by the No Child Left Behind Act of 2001.

Expectations for Parental Involvement

It is the expectation of Lincoln Public Schools that parents of participating children will have opportunities available for parental involvement in the programs, activities and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way and meaningful communication involving student academic learning and other school activities, including ensuring (A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

- A. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
- B. Providing coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance.
- C. Building the schools' and parents' capacity for strong parental involvement.
- D. Coordinating and integrating parental involvement strategies under Title I with parental involvement strategies under other programs.
- E. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, the parental involvement policies of the District.
- F. Involving parents in the activities of the schools served under Title I.

Policy Involvement

Each school served under the Title I program shall:

Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.

Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, child care or home visits.

Involve parents, in an organized, ongoing and timely way, in the planning, review and improvement of Title I programs.
