In the event families recognize these holidays, parents should notify schools. Students will be given excused absences and allowed reasonable opportunities to make up any schoolwork missed.

Note: Changes to the calendar may occur as a result of inclement weather or other circumstances. If sufficient school time is lost as a result of calendar changes, and it brings the total number of school hours for the year below the state minimum requirements, the Superintendent will implement a plan for making up this time, which may require additional minutes added to the day, additional days added to the calendar, days previously identified as non-student days re-scheduled as student day, or other appropriate calendar or schedule measures.

Welcome

Dear Students and Families,
Welcome to Holmes Elementary School! This handbook has been prepared for all students and parents/guardians in hopes that it will be helpful in answering questions you might have about the policies and practices of our school. Please carefully review the contents with your child. The “Important Information” booklet provided by Lincoln Public Schools also gives critical parent/student information. On behalf of the Holmes Elementary School Staff, we look forward to working with you to make this a productive and successful year of learning and growing for your child.

Sincerely,
Michelle Reinke, Proud Principal
Holmes Elementary School

Holmes School Expectations

Holmes School Behavior Expectations

Students are responsible, with the support of our staff, to conduct themselves in a manner that will create a safe learning environment. All appropriate behaviors are included in Holmes' guidelines for success. We will all work together to help our children:

Be Safe

We help everyone feel safe and secure both emotionally and physically.

Be Respectful

We value and are considerate of others.

Be Responsible

We are accountable for all of our actions.

PAR Framework

The district PAR (Prevention, Accountability, Restorative) Framework for behavior includes proactive strategies, for defining, teaching, and supporting appropriate student behaviors to create positive school environments. PAR Framework, implemented with fidelity, provides a school-wide, systematic, tiered approach that leads to increased student achievement and reduced classroom disruptions and student suspensions.

In LPS, we provided tiered supports for students. The supports for each tier are as follows:

Tier 1 Supports:

Tier 1 includes all the supports offered to all students to help students meet behavior expectations.

Tier 2 Supports:

Tier 2 is designed to provide targeted group interventions to support students who are needing additional supports.

Tier 3 Supports:

Tier 3 is designed to provide individualized interventions. For each intervention, either FBA/BIP or WRAP/RENEW, an individualized team specific to the student and the student's needs is developed.

Student Support Services

School Counselor

All K-5 classes have daily access to our school counselor, if needed. Students will have the opportunity to participate in the development of prosocial skills as a classroom, in small groups or individually.

Holmes is focused on student development and seeks to identify the skills all students need developed in order to be successful.

School Psychologist

Holmes also has School Psychologist in our building a few days a week. School psychologists are uniquely trained to help children succeed academically, socially, behaviorally and emotionally. With expertise in mental health, learning and behavior, school psychologists partner with families, teachers, administrators and other professionals to help children thrive. School psychologist's primary duties are to collect and analyze data, assess students, progress monitor, consult and collaborate with school staff, and deliver interventions to students.

School Social Worker

Our school social worker is at Holmes two days per week and is a resource available to all students and their families. Our school social worker can support families in times of change or crisis, help families work cooperatively in problem solving with school staff, assist families in obtaining needed services from the community and work together with families to improve family relationships and parenting. Parents and students may request these services, or a teacher, or administrator or the social worker may offer them.

Communicating Student Progress

Report Cards & Parent-Teacher Conferences

Lincoln Board of Education states (Policy 6570) that “student progress will be reported formally to parents/guardians at least four times each year.” Information about elementary student progress is reported in four areas:

- 1. Progress through district curriculum objectives.
- 2. Performance in assigned curriculum level.
- 3. Effort.
- 4. Use of effective learning or study skills.

Parent/Teacher conferences are scheduled twice a year, typically during the first and third quarters. Parents with immediate questions about their child’s academic progress are encouraged to contact the teacher at any time.

The best time to reach a teacher by phone is before the student-day begins or after school. During instructional time, phone messages will be taken for teachers. For involved problems such as student evaluation, curriculum concerns, and school policy, a parent-teacher conference rather than a conversation by telephone is encouraged.
