

REPORT OF VISION EVALUATION
Health Services Department
Lincoln Public Schools

Please Return this form to your child's school health office.

Nebraska State Statute requires students entering kindergarten (or first grade, if not enrolled in kindergarten) to provide evidence of vision evaluation within six months prior to entry. This requirement also applies to out-of-state transfers to any grade.

The evaluation may be performed by a physician, physician assistant, advanced practice registered nurse, or vision professional (optometrist or ophthalmologist).

Children are exempt from this requirement when the parent/guardian provides a written statement of objection. For more information about the vision requirement, including the availability of resources for low-income families, please contact the school nurse in your child's school, or the district health services office at 436-1655.
